1970...

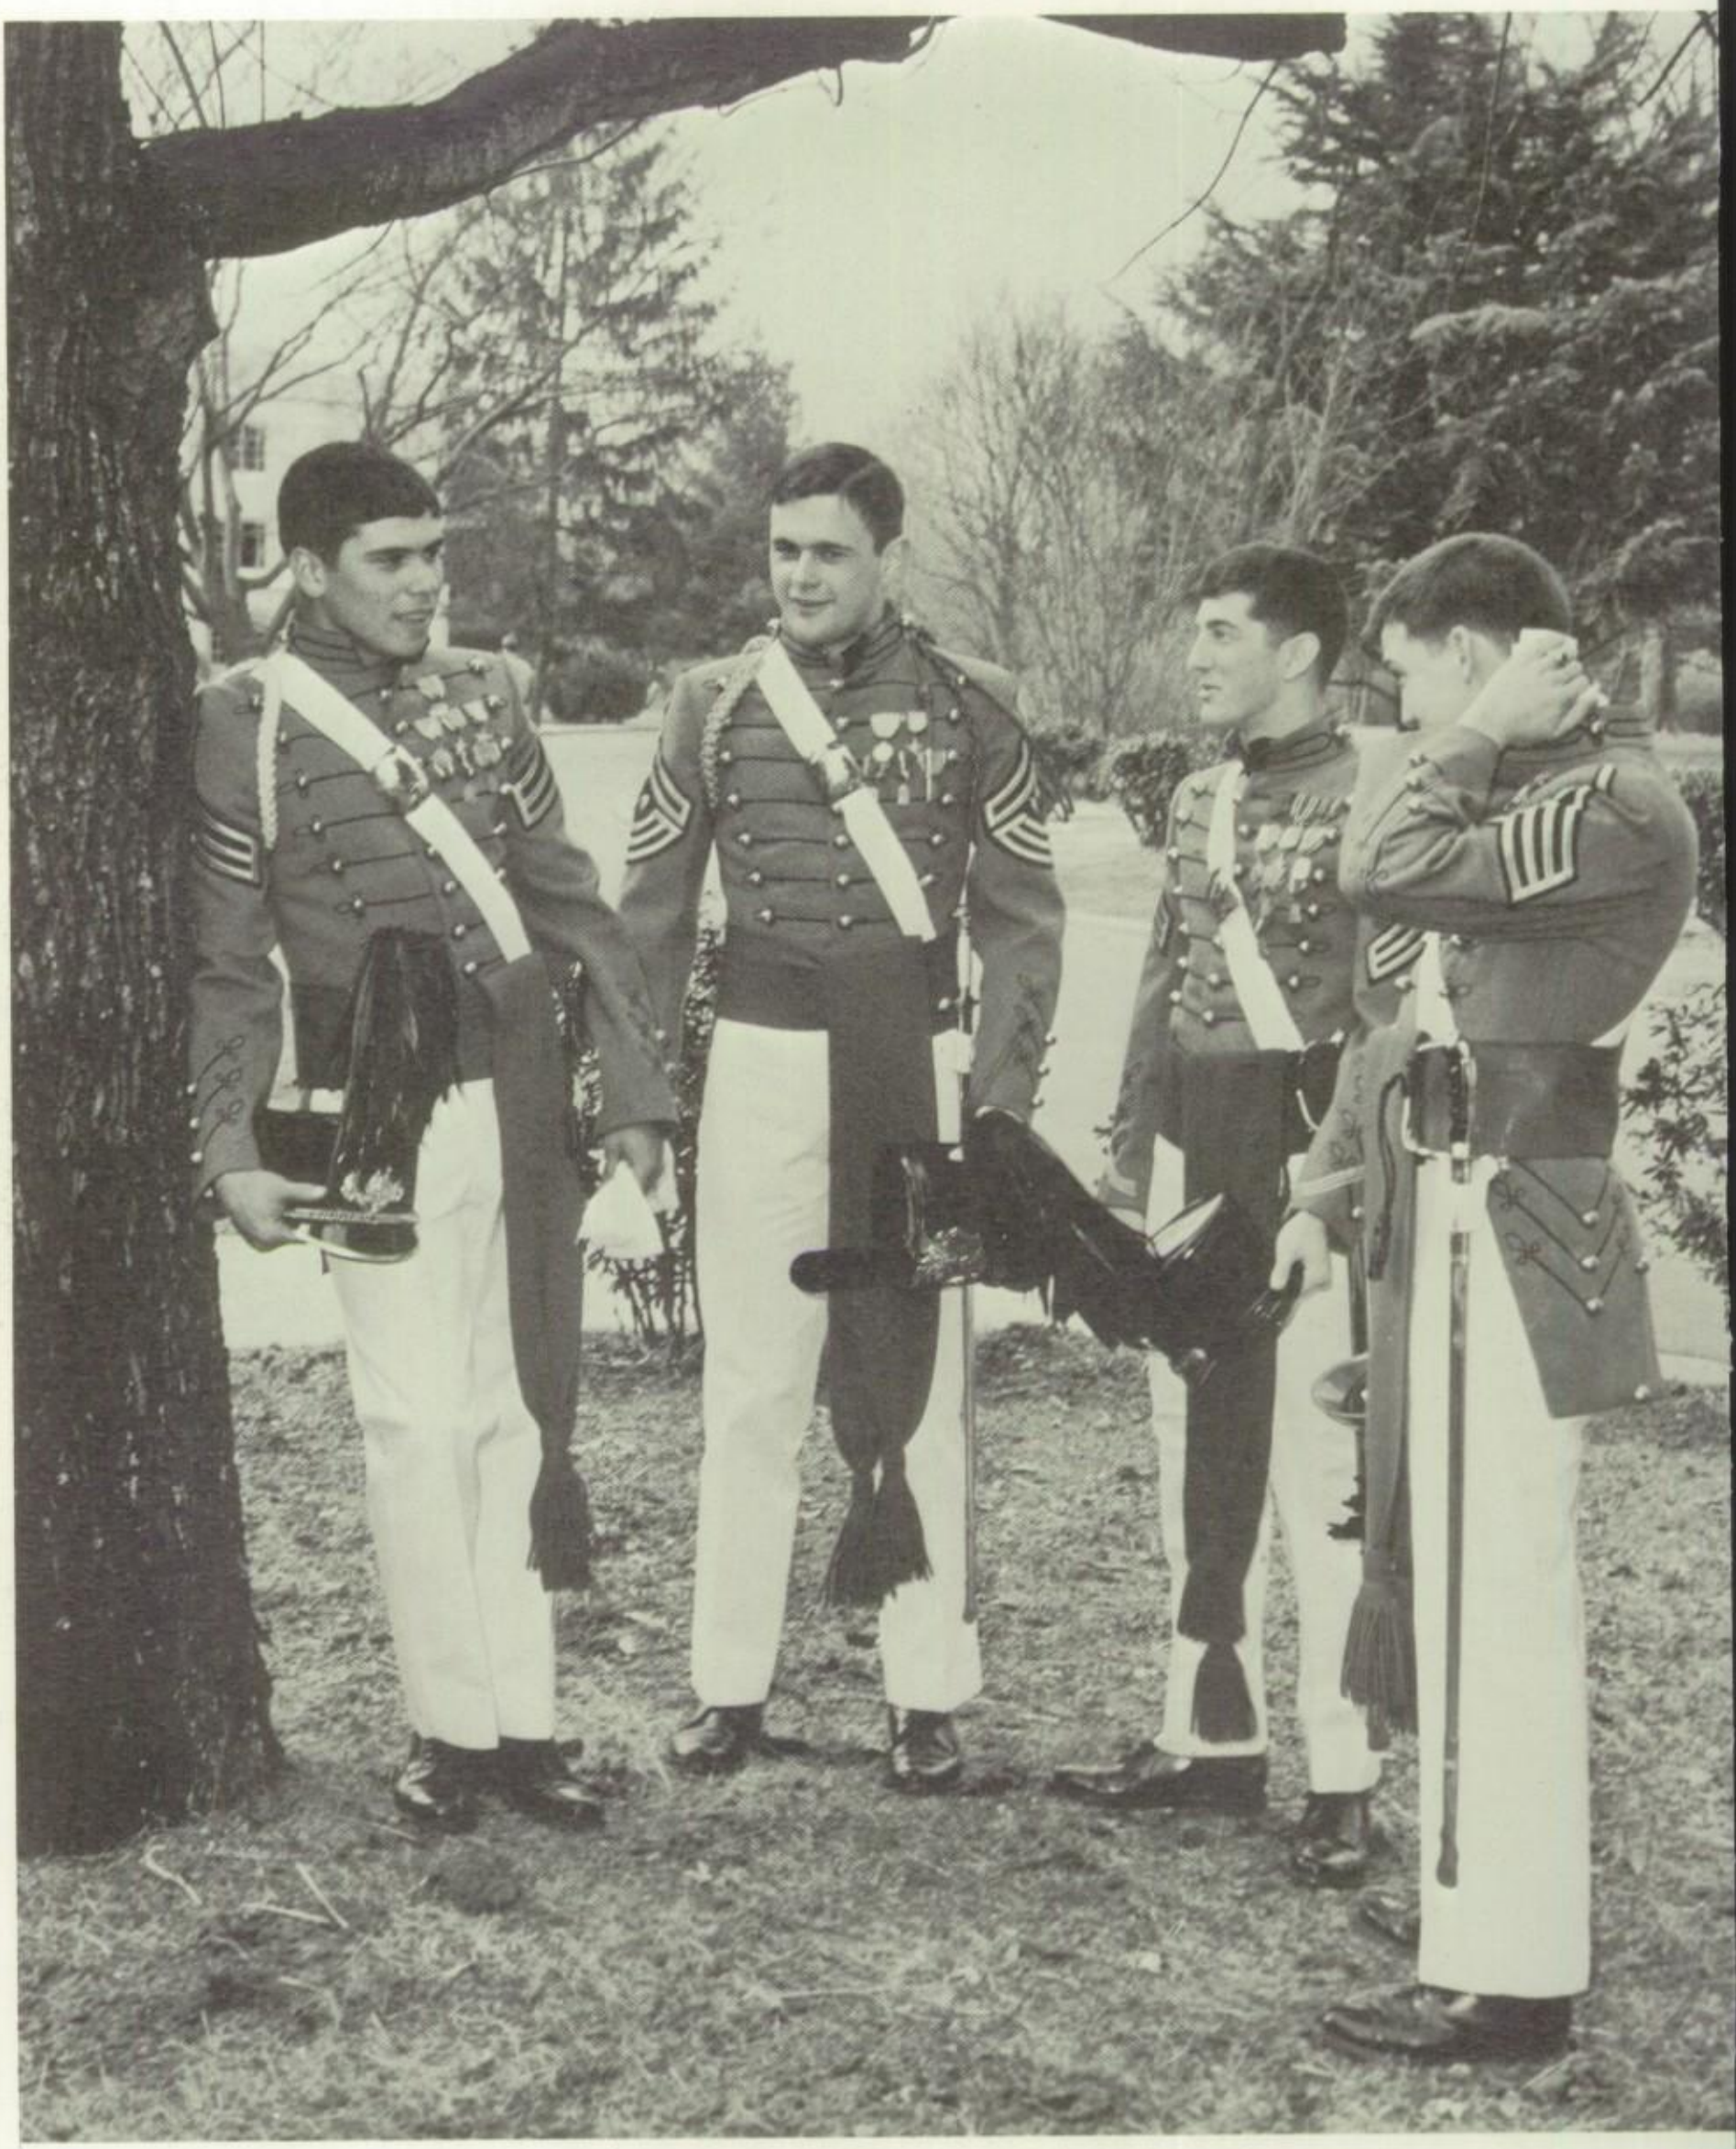
fork union military academy...

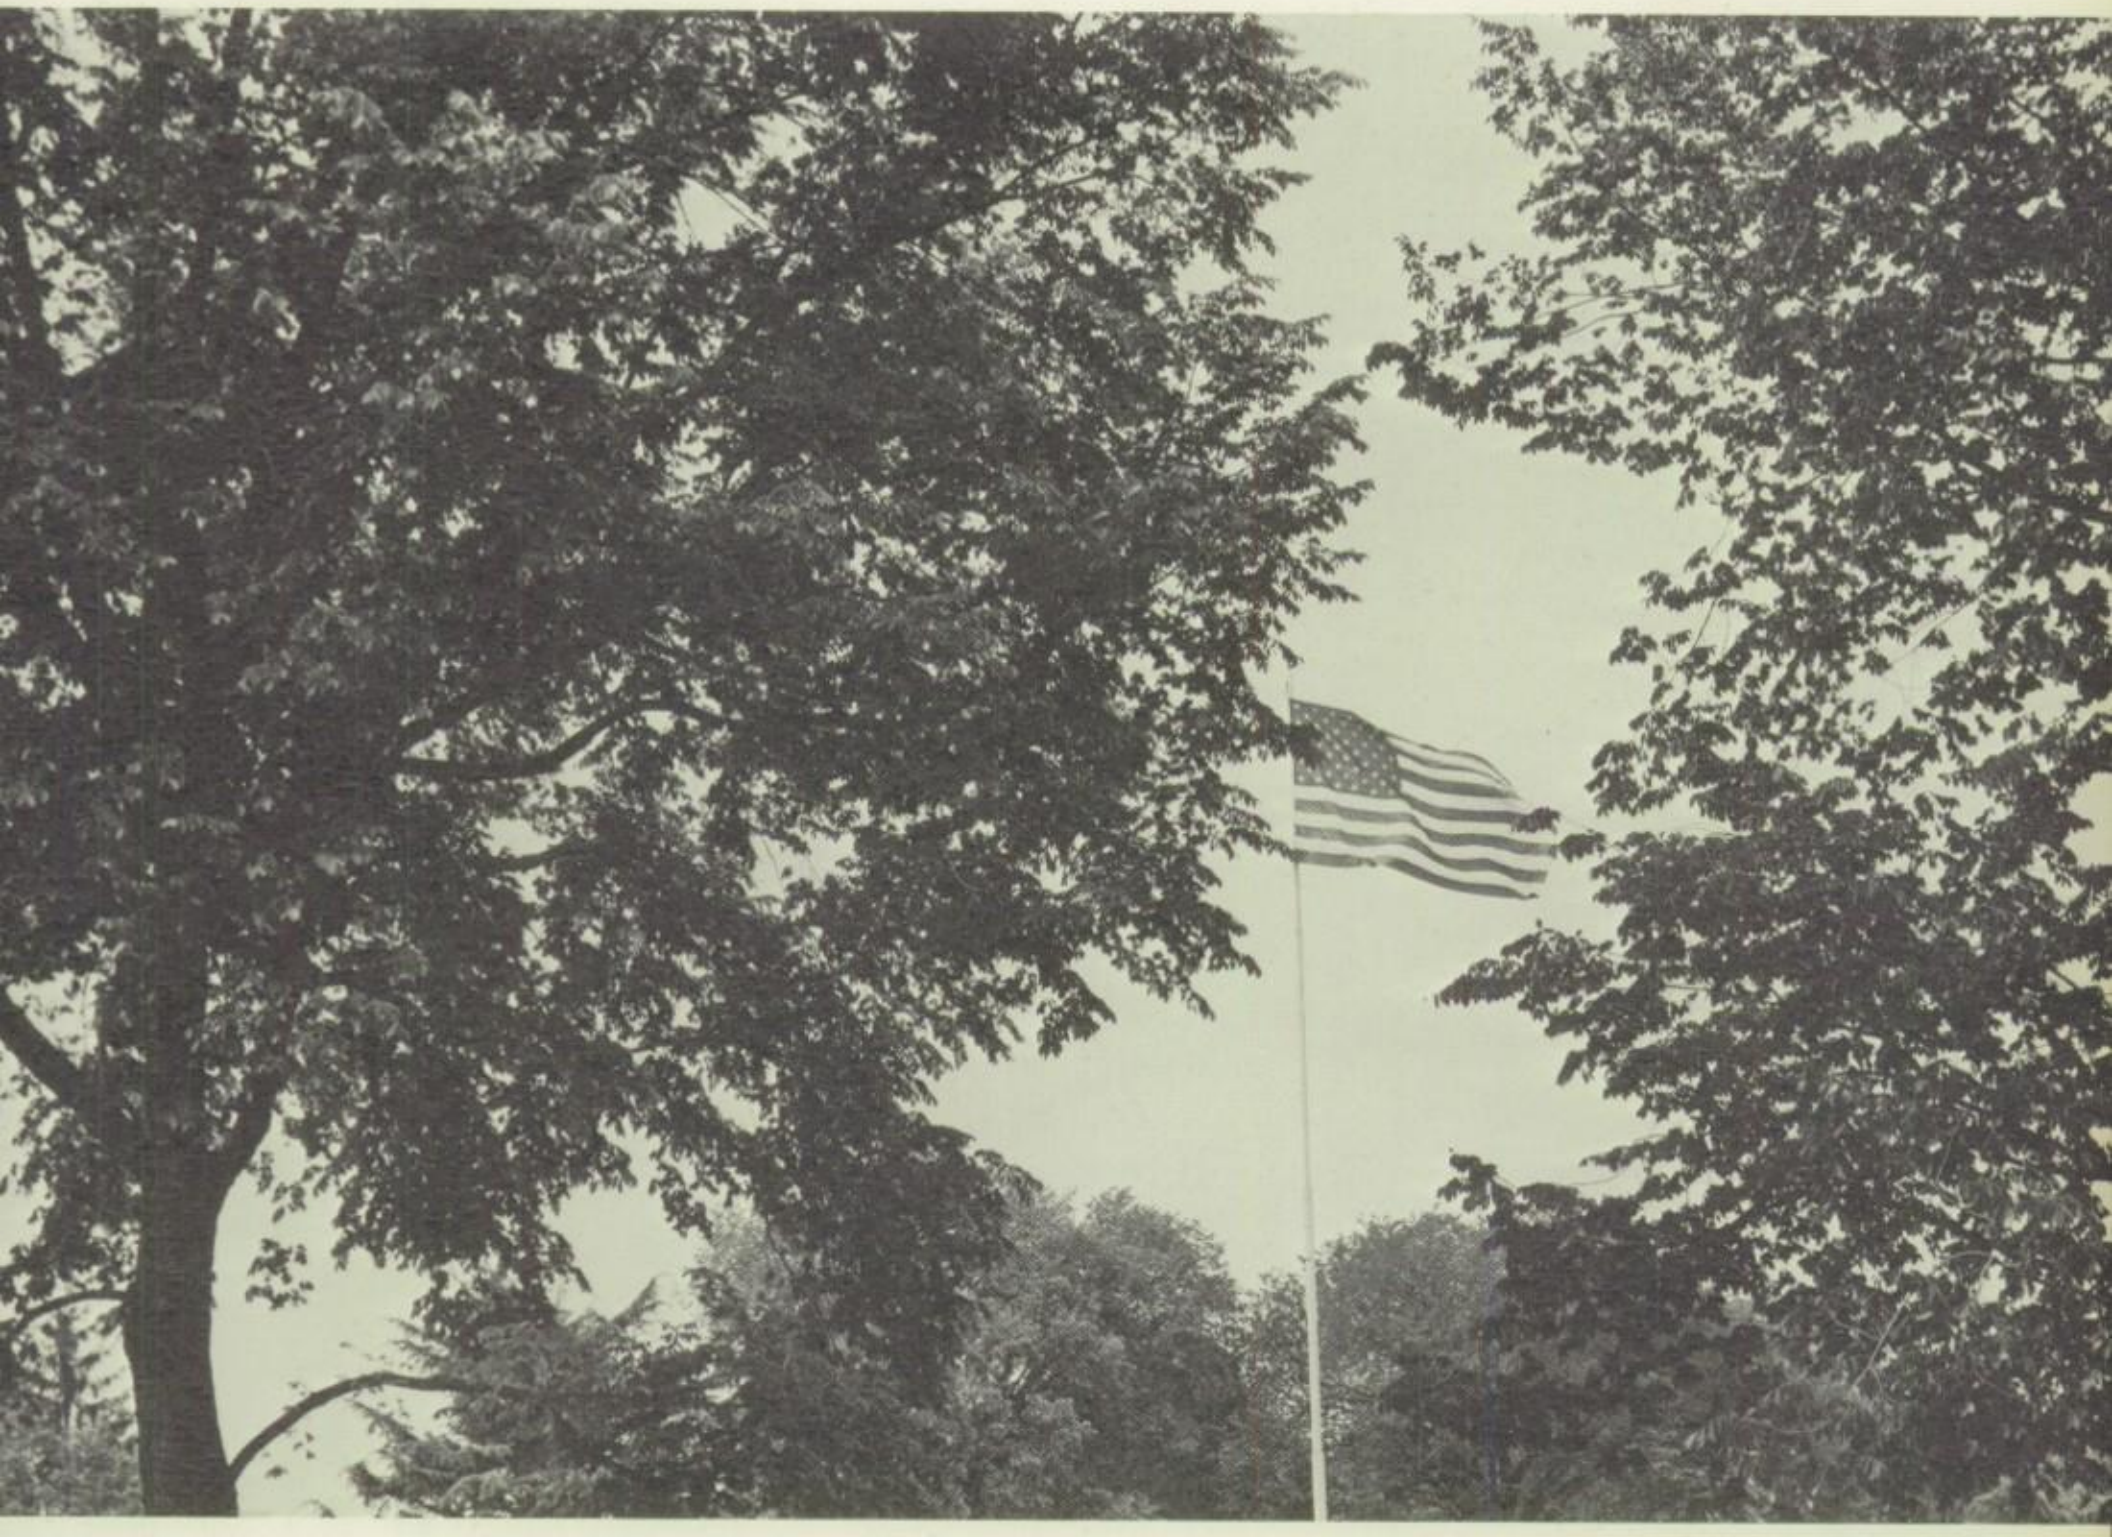
bells, books, tired feet...

students: the cadets...

buildings: culmination of...



fork union: my existence...



my beginning.

Just as the notes of Taps sounded by the bugler brings to a close another busy day, the Skirmisher Staff of 1970 brings to a close the Upper School Division of this yearbook. To our advisors, Major C. Fred Hoffman and Captain John B. Gillam we sincerely thank you for your time and efforts. To the senior class of 1970, we can truly say that nothing is left but majestic memories.

IN APPRECIATION
MRS. H. RATRIE KELLY

The faculty, staff, graduating class and cadets of the Junior School are privileged to express their appreciation to Mrs. H. Ratrie Kelly, Secretary to the Headmaster. Mrs. Kelly, who is retiring this year, has served Fork Union Military Academy with distinction and deep devotion since the Fall of 1943. During the past eighteen years, she has been assigned to the Junior School where her efficiency, helpfulness, and genuine concern for the welfare of others have made her a beloved and highly esteemed individual.

A quiet, gentle, self-effacing lady, Mrs. Kelly has proved herself to be a great deal more than an invaluable Secretary. Many hundreds of very young cadets have known her through the years as a happy, effervescent, and understanding counselor and friend. The effect of her winsome personality has been that of sunshine to brighten for innumerable persons the congenital drabness of routine. As we reluctantly say farewell to this wonderful friend of the long years now gathered into history's fold, we wish for her and Major Kelly, also retiring in June, all the happiness, peace of mind, and good health they so richly deserve.

He longest lives
Who himself to others gives;
Himself most forgetting.

to the Graduating Class

You have already been told that the world is at your feet and is yours for the effort, that the challenges are great as are the rewards. There is no doubt that is true.

Let us add this. You have just conquered one major hurdle in your life—graduating from school. You did it by taking one day at a time, one week at a time, one test at a time. That's the way life is—one step at a time. And each step builds on the one before it. "Genius is the capacity to take infinite pains." Few of us are geniuses but each of us owes it to himself to do every task to the best of his ability and in his own inimitable way.

Each of us has a contribution to make to society. What yours is and will be is now in the making.

Steve,

Well, I guess it all started that first night you came to Glee club and shook my hand to make me feel better. Not only did you make me feel better those nights at FUMA, but over the pass few months you've made me the happiest girl in the world. Again I want to thank you for all the really wonderful times we've had and for all the ways you've helped me grow up. I still hope that someday soon, I might become the kind of girl a wonderful guy like you deserves. There was a lot of rough going and a lot of dangerous living but it was certainly all worth it. I'm gonna miss ya alot this summer, but we have a long time ahead of us. I hope you and the band have a lot of opportunities to prove your great talents cause you guys are really somethin'! Be good now, have a wonderful summer, and remember, I'll love you always!

Love you,
Rita

Steve!
Best of luck to a wonderful boy. Rember the drug Store - Marie

Steve!

Many like
this year has really
been a cool one. Every-
body's wife swap parties!
Rita. I won't be back to
school next year, but I'll
be back to see you and the
old gang a few times. I'll drive
around and we'll have some fun! Retire
the old timers again. It's been great
having you as a friend through the years.
I'll see you this summer. O.K.? Mean-
while take care of yourself and Rita. And
don't do anything I wouldn't do! Rita!
Just kidding. If you're planning to come back to
F.U. this summer, call me and let me know.
Maybe I'll come with you, or if you're
in D.C. around Du Pont, let me know.
Just ask for me at the circle.
O.K.? Okay! Well, I'll see
you again sometime soon!
Have a great summer
and Best Wishes
in The Future!

Sonny Brooks

Steve:

Well, I guess this draws an end to our school year, but not to our everylasting friendship. Since I came here it is hard to exspress all the wonderful things you have done forme this first year. When I arrived you were my first definte friend. You helped me with drums, but I'm still not good and you were always there to help me with my problems and I really trusted and confided in you. When ever we got into a fight we always ended up back friends again. I have never had a truer and more "honest" friend. I remember the night you went for a ride on the door and fell on my desk and the many funny times you played "egro". I feel like I've known you all my life when it's only been 9 months. I can't wait till next year when we can start all over again with our funny escapades. Good luck during the summer and have a great time during the summer. Come down and visit me.

Bob Hudson

Steve-
It's been nice knowing for the past few years - and I hope that you don't hold anything against me after this week but believe or not I'm doing it for your benefit for next year. You still have alot to learn. I wish you the best of luck and with your band. See you sometime

Joe
